

FATHIMA ILTHIFATH

Professional Summary

Dedicated and motivated Information Technology graduate with a strong background in Software Engineering, Full Stack Development, and Artificial Intelligence applications. Experienced in developing web, mobile, and desktop solutions through academic and practical projects, including an AI-powered Smart Surveillance System. Proficient in Java, C++, PHP, JavaScript, HTML, CSS, and MySQL. Possessing excellent problem-solving, teamwork, and communication skills, seeking opportunities to contribute as a Software Engineer or Full Stack Developer.

Projects

Smart Surveillance System for Preventing Animal-Vehicle Collisions Using AI

Developed an AI-powered real-time surveillance system using Computer Vision, YOLO, image processing, embedded sensors, and web technologies to detect animals, analyze behavior, estimate risk levels, and generate voice alerts to help prevent animal-vehicle collisions.

Food Ordering and Table Reservation System

Developed a web-based restaurant management system using HTML, CSS, JavaScript, PHP, and MySQL that allows customers to browse menus, place orders, customize preferences, and reserve tables efficiently.

Text Editor Application

Developed a desktop text editor using C++ and Qt Framework with features such as automatic text correction, text validation, file management, and user-friendly editing functionalities.

Expense Tracker Mobile Application

Developed an Android application using Java and SQLite for personal expense management, enabling users to record, categorize, track expenses, and monitor their financial activities effectively.

TECHNICAL SKILLS

Programming Languages: Java, C, C++, JavaScript, PHP, Python

Web Technologies : HTML5, CSS3, JavaScript, PHP, Responsive Web Design

Databases: MySQL, SQL

Frameworks & Tools : Qt Framework, Visual Studio Code, Android Studio, Git & GitHub, XAMPP

Software Development Areas : Full Stack Web Development, Front-End Development, Back-End Development, Database Design, Software Testing, Artificial Intelligence Applications

Personal Details

No. 28, Mosque Lane, Kalmunai 09, Sri Lanka

+94 75 694 1796
